

DON'T JUST TAKE OUR WORD FOR IT.

See what customers are saying about Edge Supply.

“ Edge supply has been a dream to work with. With the outstanding customer service, to the knowledgeable employees, you won't find a better supplier. To top it off the competitive prices and great product you receive, makes it even better. You won't find a better company than Edge Supply. ”

- **James Mohr, Midwest Regional Maintenance Manager**
V.T.T. Management, Inc.

“ Edge Supply has been one of our main suppliers for almost 4 years. We are extremely satisfied with their customer service, product availability, and pricing. I use them for monthly turn supplies, as well as major REHAB projects that I manage at our properties. I would have no hesitation recommending them as a preferred supplier for maintenance supplies. ”

- **David Becker, Regional Maintenance Supervisor**
Flaherty & Collins Properties

“ Millennia Housing Management chose Edge Supply as a preferred national maintenance supply vendor 3 years ago, and our experience in partnering with them has been exceptional. Millennia Housing Management manages over 22,000 units across 22 states and is growing at a rapid pace. Edge Supply has committed all the resources needed to insure our properties are handled in a professional and timely manner as we grow. Edge understands that each property is unique, and they have the flexibility and resources needed to cater to all MHM properties. They have an extensive catalog of maintenance supply products available next day, and Edge Supply pricing is often below that of other suppliers in the same industry. We are glad to recommend Edge Supply to any company looking for a nationwide maintenance supply partner. ”

- **Domenic Vitanza, Purchasing Manager**
The Millennia Companies
